

Having **2 years** of experience as a Java Developer, Involved in analysis, design and development of web Applications in Agile methodology. Actively involved in sizing the user stories and involved in analysis, simple design testing and provide technical support during UAT.

Snapshot:

- ❖ Currently working as **Software Engineer** with **GM Insights Solution PVT. Ltd. (Glocal Mind)**, Bangalore since **feb- 2016–Till Date**.
- ❖ Accented with the latest trends and techniques of the field, Extensive experience in **Java, Spring MVC, Hibernate, Collections Framework, Multithreading, Data Structures, Algorithms, JDBC, SQL, MYSQL server** and **REST API**.
- ❖ Experience on UI design using **HTML, JSP, JQuery, JavaScript, AJAX, CSS, and JSON**.
- ❖ Good work experience in **Health Care Research** system.
- ❖ Sound knowledge in **Object Oriented Programming** concepts.
- ❖ Experienced in Writing **Ad hoc query** on Database to retrieve reports and database maintenance.
- ❖ Knowledge of **Technical documentation process** and **user manuals**.
- ❖ Experienced in Executing projects from Requirements to Implementation.
- ❖ Able to prioritize and manage multiple tasks within the schedule parameters.
- ❖ Experienced with version controls like **GITHUB, SVN**.
- ❖ Technical support for Glocal Panel tool to panel users.
- ❖ Experienced in creating dashboards on data visualization tool like **Tableau**.
- ❖ Flexible and versatile to adapt to any new environment and work on any project.
- ❖ Excellent Communication and Interpersonal skills.

Technical Skills:

J2EE Technologies	Java, J2EE, Spring MVC, JSP, JDBC, Log4J
Web Technologies	HTML5, CSS3, JavaScript, jQuery, Ajax, Bootstrap, JSON
Database Technologies	SQL ,MySQL Server, Oracle Server
Framework	Spring MVC, Spring Quartz , Spring security, Hibernate
Testing framework	jUnit, Manually testing
Build management	Maven
Project/Bug tracking tools	Mantis Bug Tracker
Web Servers	Tomcat
Development Tools	Eclipse
Version Control	SVN, GIT
Operation Systems	Windows XP/7/8

Professional Experience:

Glocal Mind is a Market Research company. **Glocal Mind** manages a **panel** and **database** healthcare professionals and patients profiled and designed to suit Quantitative and Qualitative research surveys, providing access to one of the largest Healthcare Fieldwork Communities around the world.

Project	: <u>Auto-Sampling Project Management (ASPM) Work Flow</u>
Period	: Jan 2017 to till Date
Role : Team Size	: Software Engineer : 3
Description	<p>ASPM tool aims to make fieldwork quicker and easier by enabling researchers to estimate feasibility, costs and launch studies in minutes with the click of a few keys and also responsible for automatic end to end delivery of project. Our clients are now able to meet their immediate requirements round the clock with no dependence on time zones.</p> <p>ASPM tool is help to our bid quote management team, Project management team, Sampling team, Invoice management team and incentive management team. Its take one time data from user and launch the study. It send bulk email to physician for participate the study, if user not give response to email then again it send reminder mail automatically. Once user participate and complete the study then automatically incentive amount will credited to his account. And once required complete achieve then automatically it's complete the study and it also lets you generate the invoice for projects completed. And send mail to respective users with useful information once operation finish.</p>
Responsibilities	: <ul style="list-style-type: none">➤ Involved in requirement gathering from team leader and analysis complete requirement.➤ Developed and design UI with JSP and written validation routines using Java Script, JQuery, and Bootstrap CSS.➤ Written backend scripts to read, manipulate, process and save the data.➤ Used Maven and configure maven dependencies and plug-ins in POM.➤ Involved in the development of Database middle layer using DAO, Hibernate and JDBC.➤ Integration of vertical response and Mail - chimp API in entire application to send bulk mail.➤ Code Migration with existing product.➤ Attending Daily Scrum, Sprint Planning and Retrospective Meetings.➤ Involved in client communication for getting fixes and in resolving issues.
Technology Stack	: Eclipse, Java, JSP, Web services (Spring MVC), Hibernate, MySQL, Tomcat Server.

Project	: <u>Self-Quote Creation Tool</u>
Period	: July 2016 to Dec 2016
Role : Team Size	: Software Engineer : 3
Description	<p>The application allows access to update profile information and create/modify quotations at user convenience.</p> <p>Self-Quote Creation Tool is part of the Glocal Panel tool where clients can see quotation details which is depend on the client rate card and when client ready for quote then they can easily create quote with all quote details and automatically this quotation details will pass to the Glocal Panel executive team to perform work operation on quoted project.</p> <p>Self-Quote Creation Tool Features: Manage Profile /Change Password, Create New Quotation, View history of Quotations, Export Quotation in excels sheet, Update Quotation and auto email to respective users with Quotation reports.</p>
Responsibilities	: <ul style="list-style-type: none">➤ Involved in requirement gathering from team leader and analysis complete requirement.➤ Developed and design UI with JSP and written validation routines using Java Script, JQuery, and Bootstrap CSS.➤ Written backend scripts to read, manipulate, process and save the data.➤ Involved in the development of Database middle layer using DAO, Hibernate and JDBC.➤ Involved in client communication for getting fixes and in resolving issues.
Technology Stack	: Eclipse, Java, JSP, Web services (Spring MVC), Hibernate, MySQL, Tomcat Server.

Management Skills:

- ❖ Good Understanding of Software Development Life Cycle (SDLC), involved in various phases like Development, Testing and Maintenance.
- ❖ Able to work under stringent timelines and high pressure.
- ❖ Excellent verbal and written skills, especially with regards to presenting findings to both technical and non-technical audiences.

Educational Qualification:

2013 – 2016 (Masters)	Masters of Computer Application (MCA) From Bangalore University, Bangalore, Karnataka. With Aggregate Percentage: 78%
2010-2013 (Graduation)	Bachelor of Computer Application (BCA) From Rajasthan University, Jaipur, Rajasthan. With Aggregate Percentage : 66.05%

Personal Details:

Date of Birth	18 Nov 1994
Gender	Male
Nationality	Indian
Languages Known	English, Hindi

I hereby declare that the information mentioned above is true to the best of my knowledge and belief.
